

PRESS RELEASE

Multi-award-winning LUCTRA® TABLE LITE now available in new colours

Iserlohn, 25.02.2025: The innovative LUCTRA® TABLE LITE table lamp, which has already received numerous prestigious awards such as the Red Dot Award, the iF DESIGN AWARD and the German Design Award, is now available in new colours: White and silver. This addition makes the multi-award-winning luminaire an even more versatile choice for architects, lighting designers and discerning consumers.

With its elegant, timeless design and advanced technology, the LUCTRA® TABLE LITE sets new standards in the lighting industry. The new colour palette offers additional design freedom and blends perfectly into a wide variety of working and living environments.

An extended luminaire family

The new colour variants of the LUCTRA® TABLE LITE are a harmonious addition to the product line. Together with the LUCTRA® FLOOR LITE free-standing luminaire variant, it now forms a complete luminaire family that offers an ideal lighting solution for a wide range of applications.

Whether on the desk or next to the seating area - the LUCTRA® LITE series combines sophisticated functionality with stylish design.

Excellent design and innovation

The LUCTRA® TABLE LITE impresses with its clear design language and its unique combination of aesthetics, functionality and health-promoting light. Thanks to the implementation of Human Centric Lighting (HCL), the light colour (2,700K to 6,500K) and intensity adapts individually to the daily rhythm of the user, thus promoting well-being and visual ergonomics.

Healthy light:

Infinitely dimmable light and variable colour temperatures for optimum visual comfort.

Gesture control:

The innovative 3D gesture control enables intuitive switching on and off, dimming and changing the light colour with simple hand movements.

Timeless design:

With a filigree, circular base and minimalist lines, the luminaire blends seamlessly into any environment.

User-friendly functionality:

Thanks to a USB-C connection, the light can be operated via a mains adapter, directly on a laptop or via a power bank, allowing maximum flexibility.

Now available in new colours

The new white and silver colour variants extend the existing black version and offer planners and consumers even more options for finding the perfect lighting solution for their home or workplace.

The LUCTRA® TABLE LITE is now available in stores at a recommended retail price of €199.

About LUCTRA®:

About LUCTRA®: LUCTRA® is the brand for good working light in the office or at home. For this purpose, the table, floor and mobile lamps included in the range provide light which not only illuminates, but also makes people happy, more efficient and simultaneously less tired. This works, because it transmits the right impulses for every situation.

To this end, the professional, biologically effective LED lamp system utilizes the latest scientific findings about the effect of light on human beings. It follows the principle of Human Centric Lighting, for short HCL, by focusing on human beings with their personal lighting needs for healthier and more efficient working and living. LUCTRA® light can almost perfectly simulate natural daylight and thus supports the user's personal inner clock.

LUCTRA® has already received numerous renowned design prizes such as the German Design Award and was brought to market in 2015 by the long-established company DURABLE Hunke & Jochheim GmbH & Co. KG. This company has been dedicated to professional work for more than a century: to its organisation, its processes and its equipment.
